

# Europe District participates in OCONUS cross training program

**John D. Daneker, Europe District Operations Specialist participated in Ulchi Focus Lens 97 — an OCONUS cross training program.**

John D. Daneker, Europe District Operations Specialist participated in *Ulchi Focus Lens 97* — a major military exercise designed to test the defense plan of Korea and the Korean Civil Defense System. Europe District initiated this cross training program and the Pacific Ocean Division Far East District supported it. During the August exercise, Daneker augmented the Far East District as Liaison Officer in their mission to support U.S. Forces Korea. In Hawaii he assisted the Honolulu District in the development of a Hurricane Response Plan. “It was a very successful exercise and the engineering requirements play a major role in the defense of Korea,” said Daneker. The Corps of Engineers has participated in the annual exercise since it began in 1972.
